Please use the attached grid template to sketch out your top-view floor plan and elevation view as the samples below. Measure each wall and mark key dimensions and locations as indicated (window, door, appliances etc.). If you have a soffit (drop ceiling), provide soffit info as well. Remember to measure in inches, and round to $\frac{1}{8}$ " accuracy (ex: 56- $\frac{3}{8}$ "). Please take photos of current existing space to help our designer understand better your vision of the new space.
